

# TRAIN WITH CIVIL TRAIN

AND GET THE EDGE FOR YOUR CIVIL CONSTRUCTION BUSINESS

**CIVIL TRAIN**  
The Training Division of the CCF

## // WHO WE ARE

Civil Train is a nationally accredited registered training organisation (RTO), and the training division of the Civil Contractors Federation Queensland Branch (CCF QLD); the peak industry body for the civil construction industry. We have been delivering training to the civil construction industry for more than ten years and are focused on ensuring our industry is skilled for the future.

## // THE CIVIL TRAIN DIFFERENCE

Our clients benefit from the fact that we know civil construction training; it's what we specialise in. We offer quality industry training and believe in training by the industry, for the industry. That is why we work directly with our clients to develop and deliver the best possible training outcomes; resulting in training that is relevant, efficient and cost effective.

What's more is that because we are the training division of CCF QLD, Civil Train has a direct link to engage in strong industry partnerships; a unique point of difference from other RTOs within the industry.

With a focus on customer service, flexibility and professionalism, Civil Train is an industry leader for high quality training within the civil construction industry.

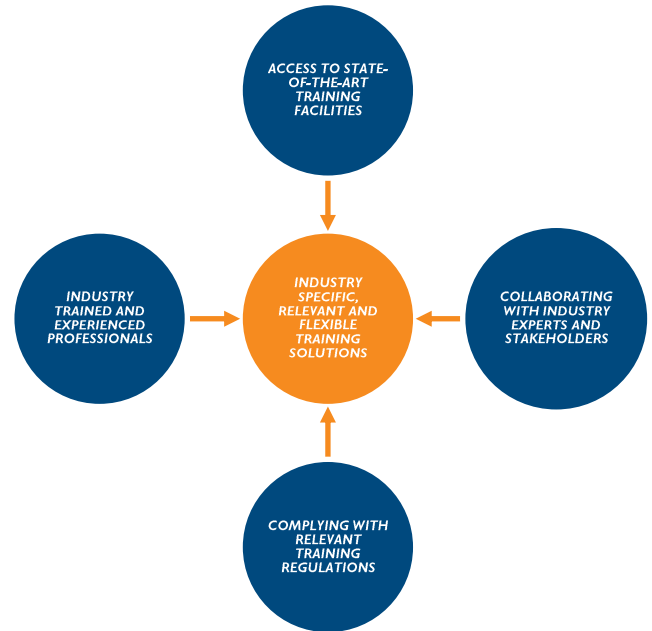

## // INDUSTRY TRAINED AND EXPERIENCED PROFESSIONALS

Civil Train prides itself on its team of professionals who are industry trained, qualified, experienced and employ innovative training delivery methods. Our trainers service regions all over Queensland, and will come to you for practical and flexible on-the-job training; reducing the cost of staff training to businesses and providing employers with minimal workplace disruptions. We also run courses at our training centres or your workplace.

Our team's goal is to assist students to reach their full potential through exceptional services, accessibility and sharing of knowledge. Our dedication to the industry and those who work within it, makes us the trainer of choice for civil construction companies and their employees.

## // CIVIL TRAIN STRIVE TO ENSURE EXCELLENCE IN CIVIL CONSTRUCTION TRAINING

Our training model brings together five core elements that we believe deliver the best quality training for your business.

## // WE GET YOU ACCESS TO AVAILABLE FUNDING

Whilst training is valuable to your business we do understand that it can be costly, which is why Civil Train can get you access to a range of funding options and incentives that are available for businesses to train and upskill their staff. Specifically, Civil Train has access to various Commonwealth and Queensland Government funding arrangements, such as User Choice and may also be able to access other non-government sources. With an abundance of funding opportunities available, we can help you save money!

## // STATE-OF-THE-ART FACILITIES

Civil Train's training services are supported by state-of-the-art training facilities; packed with the best facilities that industry training providers have to offer. As a Civil Train client, you and your trainees and apprentices have access to:

- the Queensland Civil Industry Training Centre, Brisbane, comprising of: an 84 seat theatre; computer facilities; plant simulators; small tools training room; confined space and trench shoring training facilities; specialised training rooms, fully equipped with audio visual equipment and smart boards.
- the Queensland Civil Industry Training Centre, Townsville, comprising of: plant simulator; training and meeting rooms; confined space and working at heights facilities.
- the Civil Train Mobile Training Unit; a portable facility that can be transported to locations across Queensland, comprising of:
  - a plant simulator
  - learning area and computers

## // RECOGNITION OF PRIOR LEARNING (RPL)

We know your business can't afford to have its employees diverted from the most important tasks for more time than they need to be, that's why Civil Train provides a range of training options, as well as a Recognition of Prior Learning (RPL) service. This means your staff only complete the training that is truly needed; saving you time and ultimately saving you money.

## // QUALIFICATIONS

Civil Train offers nationally recognised training qualifications that can be delivered both on and off-site. We understand that no two individuals have the same training requirements, so Civil Train will work with you to identify your specific needs and create personalised training solutions that are effective for your business. After all, training must be relevant, flexible and cost effective.

Civil Train's nationally recognised qualifications are designed to increase recognition in the workplace, build staff skill levels, improve overall job satisfaction and build your business capability.
